

## Invitation to the ICOPE-2021 Special Issue of MEJ (Mechanical Engineering Journal)

Dear authors of ICOPE-2021 extended abstracts,

Organizers of the International Conference on Power Engineering-2021 (ICOPE-2021) and the Editors-in-Chief of the Mechanical Engineering Journal (MEJ) (<https://www.jstage.jst.go.jp/browse/mej>) have agreed to publish a special issue of the journal devoted to publish full papers based on the extended abstracts and the contents presented in the ICOPE-2021, being polished through the discussion in the conference. The theme of the special issue is "Advances in Research and Development of Power and Energy Systems".

Call for paper to the Special Issue of ICOPE-2021 of MEJ

<https://www.jsme.or.jp/publish/mej/index.html#iii>

### **\*\* Notice \*\***

Full papers submitted for the special issue will be reviewed according to the standard editorial review process of Mechanical Engineering Journal. There is no guarantee for the manuscripts to be finally accepted for publication.

The submission deadline is **\*\* December 31, 2021 \*\***.

If you will submit your work to the special issue, you must submit your manuscript no later than December 31. Please follow the JSME template for special issue (see the link below) and submit your manuscript via the online system.

The handling of your paper thereafter will be made by one of the guest (associate) editors for this issue. In order to ensure a smooth review process, we strongly recommend you to carefully review your manuscript, especially for the format and content. Please visit the journal home page for the author submission guide and be sure your manuscript follows the journal format.

(1) Author Submission Guide:

<https://www.jsme.or.jp/publish/mej/for-authors.html>

(2) JSME template for special issue (Word):

<https://www.jsme.or.jp/publish/English-Template-specialissue.docx>

(3) Paper sample with important notice:

<https://www.jsme.or.jp/publish/sample.pdf>

(4) Manuscript Submission:

All manuscripts must be submitted via the journal's online submission system called "Editorial Manager".

Editorial Manager (for JSME Journals):

<https://www.editorialmanager.com/journal-jsme>

When submitting your manuscript, please select the following "Section/Category" on Editorial Manager.

**"(ICOPE2021 Special Issue) Advances in Research and Development of Power and Energy Systems (MEJ:TEP)"**

(5) Co-author verification (**mandatory, just after submission**)

We send coauthor verification email to ALL coauthors when you submit your manuscript. The subject is "Please verify your contribution to (manuscript title)". Coauthors can verify their contribution by clicking URL next to "Yes, I am affiliated:" in the email. As long as editor cannot confirm the verification, the submitted manuscript cannot proceed to peer review. Thus, we would like corresponding author to ask his/her coauthors to verify their contribution.

(6) Communication after submission

All communication after submission will be sent from [em@editorialmanager.com](mailto:em@editorialmanager.com). It is the authors' responsibility to be prepared to receive the emails from [em@editorialmanager.com](mailto:em@editorialmanager.com). Manuscripts that do not follow the guidelines will be returned to the author. Please take special care for a while after submitting your manuscript.

We look forward to working with you on the production of this Special Issue.

Yours sincerely,

Guest Editor for the ICOPE-2021 Special Issue of MEJ

Ryosuke Matsumoto, Professor

Department of Mechanical Engineering,

Kansai University, Japan
